

Sunrays by Asher Stevenson (aged 10)

Diamonds on the waves  
what causes this?  
The golden shaft piercing the raindrop  
what causes this?  
Sunrays, the warmth of summer  
the light of the morning  
Created by the Saviour  
He has put this beauty in His world.  
and as the sparkling dew on the grass  
shimmers in the light  
we are reminded of him  
the Lord Jesus Christ
