

WISDOM

Does wisdom come with maturity?
Can wisdom help with complexity?
It gives the ability to judge what's right
In circumstances, whatever the plight.

Knowledge is gained by young and old
To store, retain, to share and unfold.
It's knowledge which helps in all that you do,
Yet wisdom gives action to follow it through.

Knowledge was valued by the Romans and Greek
Who turned to their wisdom when life became bleak.
They even portrayed the owl to be wise
As it saw in the dark from night to sunrise.

Even Solomon, the great King of old,
Did not seek from God riches or gold.
He asked only for wisdom and knowledge too
Yet God bestowed more, as his reign prospered and grew.

A book of wise sayings which Solomon wrote
Has been written in Proverbs to study and quote.
A book of instructions to help guide you along,
On how to seek wisdom and stay spiritually strong.

Where does wisdom and understanding dwell?
Only God knows and understands it well.
Hidden in time, before you and me,
Sealed and secured where no eye can see.

Seek wisdom from God and not on your own.
Declare Him as Saviour to make His way known.
Through wisdom you learn to fear the Lord,
Revere His name, to seek His reward.

Wisdom cannot be bought by priceless treasure
Or put on the scales where you can gauge or measure.
Let wisdom and knowledge shine within you,
Understanding God's ways to remain faithful and true.

Through God's understanding heed to His call
For only God can offer Salvation to all.
Do not be fooled and listen to man,
Believe in God's wisdom and follow His plan.
